First Aid at Work

3 days (21 hours), £160pp

First Aid at Work training provides the comprehensive set of practical skills needed by first aiders in the workplace to become confident in ability and have the knowledge to deal with emergencies.

It meets the standards required to help comply with Health and Safety (First aid) regulations. This course is designed for people who want to receive our most thorough first aid training course.

Certificates are valid for three years, but it is strongly recommended that delegates complete a yearly refresher course.

No prior knowledge is needed before attending this course.

Requalification available after 3 years – 2 days, £100pp

Emergency First Aid at Work

1 day (6 hours), £65pp

This one-day course will help you meet the minimum regulatory requirements in your workplace.

This course is designed for people who want to receive training in emergency first aid and is especially suited for first aiders in smaller, low risk working environments.

Your certificate will last three years, although HSE strongly recommends you refresh your skills annually.

No prior knowledge is required before attending this course.

Basic Life Support (BLS)

1 hour, £30pp

This one-hour course will give you a basic understanding of first aid.

The course covers primary survey, adult CPR, AED use, recovery position, choking, reporting, and the roles and responsibilities of a first aider.

Also available as Paediatric or with a Paediatric add-on.

No previous first aid knowledge is needed to attend this course.

Certificates are valid for one year.
